Beyond award-winning software, Sightline by Consilio is modern enterprise end-to-end discovery by the global leader in legal solutions. By leveraging immediate data insights, user-friendly experience, and workflow automation options, global law firms and corporations trust Sightline to manage large volumes of small matters efficiently. Backed by an award-winning client experience, clients can choose the support options that work best for their teams as their matters evolve.

Key Sightline Features and Capabilities for Small Matters

With a powerfully fast user experience and workflow tools, Sightline is designed to help legal teams efficiently manage high volume of small matters.

Process Matter Data Quickly

From direct connectors to drag-and-drop, choose the data collection / upload process that works for your team.

Set up Projects Quickly with Reusable Templates

Customize everything from coding panels to assignment groups with reusable project templates.

Simple Project Administration

Create, rename, and delete projects on-board with out additional support. Visualize all of your projects on the convenient Domain Dashboard to get a high-level understanding of activity, data, and engagement.

Faster, More Intuitive Searches

Leverage saved searches to save time across similar matters across your organization. Visually build queries using metadata, content, and work-product that return accurate results every time.

Automate your Workflow

Create and implement automated workflows that build efficiency around mundane tasks and allow you to focus on the important and necessary work.

Search & Redact PII / PHI and More Easily

Using your specific terms or our customizable libraries, easily find and redact sensitive data directly in Sightline.

Easily scale to large and/or complex matters in one platform

With more than a decade of experience serving a wide range of legal workflows –we have designed Sightline to adjust well to large and/or complex matters.

Quickly Assign Review Projects to Your Team

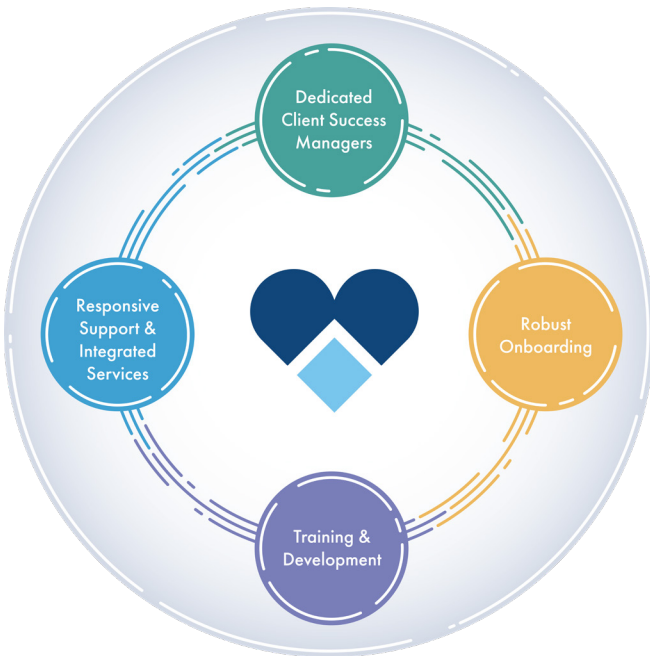

Quick batching of assignments allows you to stay ahead of the game by delegating review work to your team members in 3 easy clicks.

Seamless Sharing

Share your small matter workflow across projects easily with the people who need to access & work within it.

sightline care

Best-in-class service and support from the global leader in eDiscovery. When you choose Sightline by Consilio, you benefit from a strategic partner committed to your success with expertise solving for the toughest challenges. We do this by offering:

- **Dedicated Client Success Managers** support you as a client advocate from onboarding and training through maximizing your Sightline investment.
- **Sightline-certified Project Managers** working as experienced extensions of your own team – able to support you no matter the task.
- **Seamlessly integrated support services** offer bandwidth available on demand at a reasonable cost.
- **Secure, private hosted infrastructure** provides peace of mind that you and your client’s data are in good hands.
- **Self- or Full-service options** provide you with support flexibility across regions, matter types, or individual projects

Trusted to Perform

Unlike other solutions, Sightline is hosted on Consilio’s secured private hosted infrastructure and not on the public cloud. Trusted by over 4,000+ global corporations and law firms across the world, your client’s data and experience is backed by dedicated teams of product, engineering, and security experts. Hosted on global environments including U.S. ITAR, Consilio successfully completes over 150 security audits annually for clients from financial services to bio / pharmaceutical – conforming to the strictest requirements.
